Mrs. Robert Morgan
Old Sudbury Road
Wayland, Massachusetts

Re: New Library, Fire Station Addition

Dear Mrs. Morgan:

We are enclosing the revised layout showing the shelving and items of furniture we have discussed.

In accordance with the plan, the total shelf space would be:

525 feet (not including magazine insert and newspaper insert)

The total estimated shelf capacity:

4,375 volumes

We have prepared the plan on the basis of using standard 3'0" sections which seems to work out reasonably well in consideration of radiator placement and have included the following units as shown on pages 16, 17 and 18 of our #L-50 catalog:

Children's

- 4 - #126 initial units, 5'0-1/2" high, 8" deep
- 1 - #127 additional unit, 5'0-1/2" high, 8" deep
- 2 - #120 initial unit, 6'10" high, 8" deep with hinged bulletin board cover at top.
- 1 - #121 additional unit, 6'10" high, 8" deep with hinged bulletin board cover at top.
- 1 - #D-142 initial unit and three #D-143 additional units to make 12'0" range of double faced counter height shelving, each side 10" deep, to extend at right angle to the wall.

Re: New Library, Five Station Addition

Dear Mr. Morgan:

We are enclosing the revised layout showing the shelving and items of furniture we have discussed.

In accordance with the plan, the total shelf space would be:

325 feet (not including machine inserts and newspaper inserts)

The total estimated shelf capacity:

4,375 volumes

We have prepared the plan on the basis of using standard 3'0" sections which seems to work out reasonably well in consideration of radiator placement and have included the following units as shown on pages 16, 17 and 18 of our A-50 catalog:

Children's

- 4 - #126 initial unit, 5'0-1/2" high, 8" deep
- 1 - #127 additional unit, 5'0-1/2" high, 8" deep
- 2 - #120 initial unit, 6'10" high, 8" deep with hinged bulletin board cover at top.
- 1 - #121 additional unit, 6'10" high, 8" deep with hinged bulletin board cover at top.
- 1 - #125 initial unit and three #125 additional units to make 13'0" range of double faced counter height shelving, each side 10' deep, to extend at right angle to the wall.

Mrs. Robert Morgan
Old Sudbury Road
Wayland, Massachusetts

Dear Mrs. Morgan:

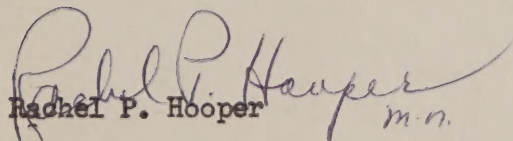

We appreciate very much the order you have given us for library furniture. We have placed the order at the factory for the following items to be manufactured of maple in a gray #868 finish to match your shelving:

	<u>Each</u>	<u>Total</u>
1 - #182 desk		299.00
1 - #164c swivel chair		29.50
2 - #114b tables, juvenile height	131.00	262.00
1 - #118 sloped table, with bench		184.00
8 - #164 juvenile height chairs	21.00	168.00
1 - #181 dictionary stand		31.00
1 - #178 display rack		22.50
2 - #110 NA free line tables 60"	100.00	200.00
8 - #164 plastic back chairs (4 soft yellow, 4 sea green)	29.00	232.00
1 - #173 book truck		72.00
1 - gray steel wastebasket		No charge

We have asked the factory to send samples of the plastic colors for the 8 chairs directly to you for your approval as per our conversation today with Mrs. Dublin.

Very truly yours,

A. B. STANLEY COMPANY, INC.
